

# PREASSEMBLED DOOR

## WITH PREMIUM POWDER COATED FINISH

The Global Preassembled Door is a premium product for the commercial construction industry. Global has unveiled the first and only powder-coated door system to the industry. The Global Preassembled Door has distinguished itself as the leader in quality, touting a robust 18 gauge door leaf with durable heavy-duty Grade 1 hardware. From initial fabrication to final assembly, the Global Preassembled Door sets itself apart from its competition in both performance and aesthetics.

### Standard Features Include:

- 18 Gauge Powder-Coated, Insulated Door Leaf
- 16 Gauge Powder-Coated Frame
- Grade 1 Heavy Duty Cylindrical Lever Lock
- NRP Ball-Bearing Hinges
- Aluminum ADA Threshold
- Concealed Bottom Sweep
- Kerf-Style Weatherseal
- Galvannealed Steel Subframe
- Heavy Duty Wood Crating for Shipping

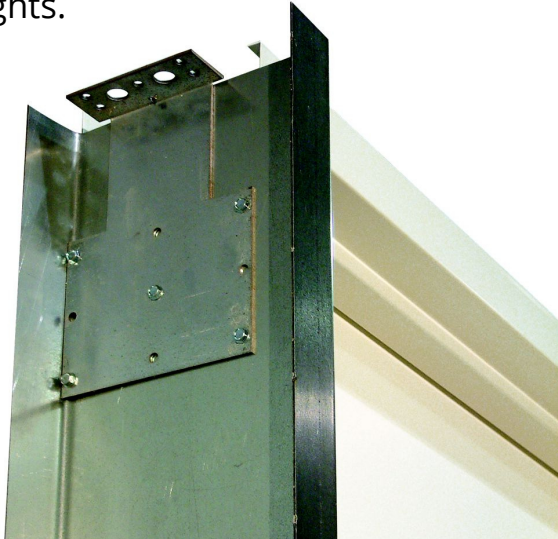

### Available Options:

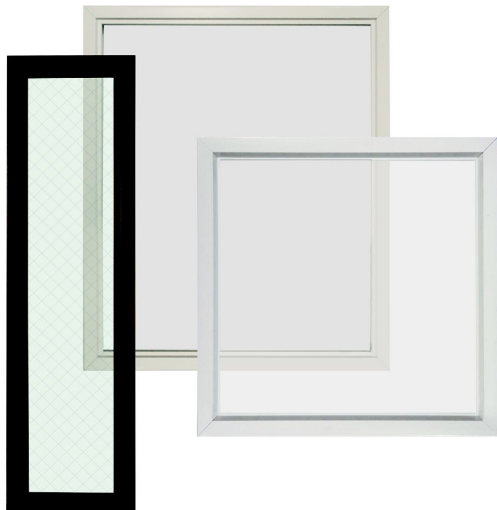

- Fire Ratings - 90 Minute & 3 Hour
- Wind Ratings - Up to 75 DP w/ Florida Approval Number
- Custom Sizes, Gauges & Colors

## INSTALLATION

Each door system comes with a factory mounted galvanized steel subframe, which enables the installer to simply stand the door system up in place, fasten it to their girt, and call it done! The adjustable clip allows for different girt heights.
